

World Leading Machine Vision Solutions Provider

SEMICON[®] China 2016

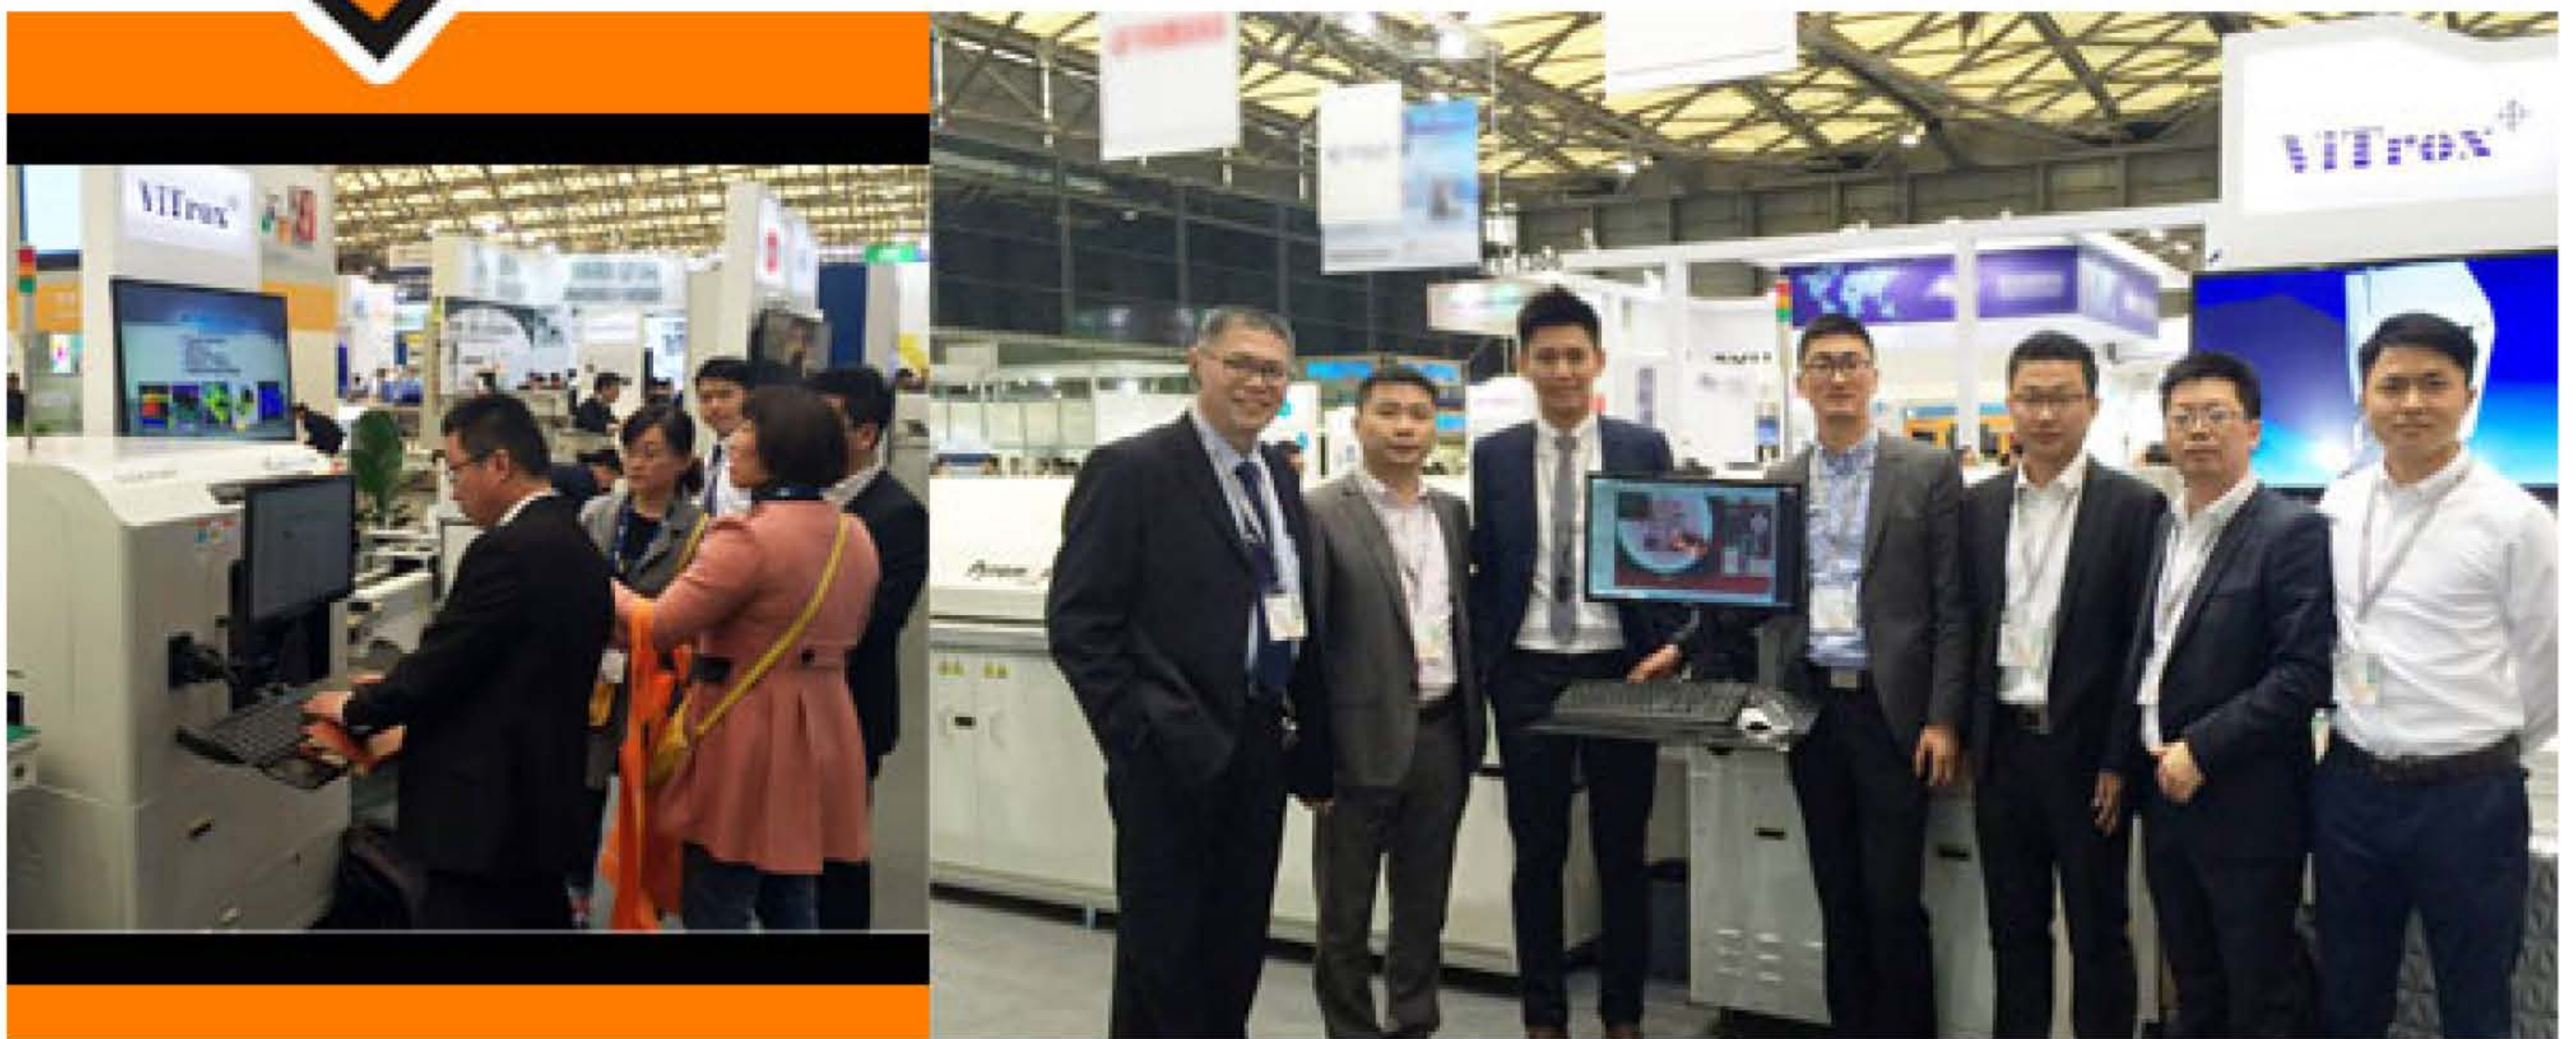

ViTrox's Participation in Semicon China 2016

It's glad to announce that ViTrox had successfully completed its mission to participate in Semicon China for year 2016 which was held at Shanghai New International Expo Centre on March 15 till March 17. Other than exhibiting its newly enhanced Tray Reel Vision Handler - TR2000i, 3DGBA, 3D Ball Grid Array Inspection System and VR20 Post Seal Vision Handler also caught the attention of many potential visitors from around the world. Welcome to send in enquiry and see you in Semicon China 2017!

Throwback of ViTrox's Participation in Productronica China 2016

Productronica China 2016 has ended successfully on March 17, 2016. This year, ViTrox marked its footprint for the first time in Productronica China which was held in Shanghai New International Expo Centre. We introduced our upgradeable V510 G2 AOI system with 3D inspection capability during the show.

ViTrox Made an Appearance at IPC APEX Expo 2016

At the other side of the world, ViTrox sent another group of elite ViTroxians to Las Vegas, US to exhibit in IPC APEX Expo 2016. We exhibited SPI, AOI & AXI Inspection Systems in this show. At the same time, we also introduced our V-ONE - a One-Stop Solution Suite to the visitors. All of the exhibited products had captured the visitors' curiosity and interest. If you would like to know more about our products, please contact our sales personnel. See you in the 2017 APEX Expo at San Diego!
